

## MDAS-9 GPS Antenna

Price: \$60.00

SKU NTV-ANT005

weight 1.00 Lbs

GPS Antenna add-on for MDAS-9 Driver Assistance Kit.

The MDAS-9 by Movon is an Advanced Driver Assistance System which provides visual, audible & available haptic vibrations alerts for functions like Pedestrian Collision Warning (PCW), Forward Collision Warning (FCW), Lane Departure Warning (LDW), DVR front / rear recording and more for any vehicle. This system can be installed in any vehicle and records statistics of driving habits which can provide invaluable feedback to fleet-vehicle owners or new drivers alike.

## Car Radio Versions

Any
