

NNG-Toyota 6 Navigation

Price: \$1399.00

The NNG-Toyota 6 kit interfaces the widely-used *Nav N GO*® powered navigation system into select Toyota OEM media systems. Disassembly of the factory Toyota LCD is required and it is recommended that only a professional attempts this install. All factory Toyota touch functions are used for the navigation control. Additionally, this interface allows for a backup camera to be added with no additional parts.

Navigation add-on type: OEM LCD modification (ribbon conversion)

Plug & Play: No

Activation: Provided push button switch or hold touch screen

Video Inputs: 1 composite (rear cam): selectable ON/OEM

Car Radio Versions

Toyota 6 (Sienna 6.1" Pioneer NO apps)

Toyota 6 (Sienna 7" Pioneer w/ apps)
