USA, Rest of
World, Europe

 UPC/EAN
00635510693024

The Metris-PRG interfaces an aftermarket rear camera and front camera (or aux video) into the 2016 Mercedes Metris van. All connections are Plug'n'Play behind the factory screen. Forcing either camera is available via steering wheel buttons or wire-triggers if desired.

Note: *If the vehicle has an OEM reverse camera and you're adding an additional video source (front cam or aux video), you must use [NTV-KIT714](#) Metris F-Cam instead of this kit.*
