## Kit Contents

Plug and Play T-Harness  
NTV-HAR269

VIM Module  
NTV-ASY166

USB Cable  
NTV-CAB009

## Overview

The VTC-J is a Plug and Play solution enabling video playback in motion for select 2011-2012 Jaguar XJL vehicles. No programming is necessary and all connections are made behind the factory media screen.

## Installation

1. Gain access to behind the factory media screen by removing trim panels. Disconnect any harnesses and place the screen aside.
2. Find the main 16-pin factory LCD power/data connector and plug it into the female end of the provided **Plug & Play T-Harness**.
3. Plug the VTC-J module into the 18-pin connector located on the T-harness from step 2.
4. Plug the male end of the T-Harness into factory LCD screen.
5. Reconnect all harnesses to the LCD, reinstall screen and test for proper operation.

**\*Note: Any wires not discussed here on the T-Harness are not used.**

## Operation

***Video in Motion is activated automatically while the car is on, no user interaction is necessary.***

To test, play a video on the factory screen and drive the car. The video should continue working normally in Drive.
