

Ford A²B to 12-channel Analog & Digital sound processor

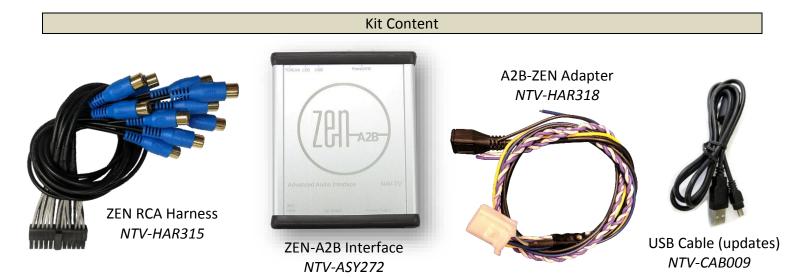

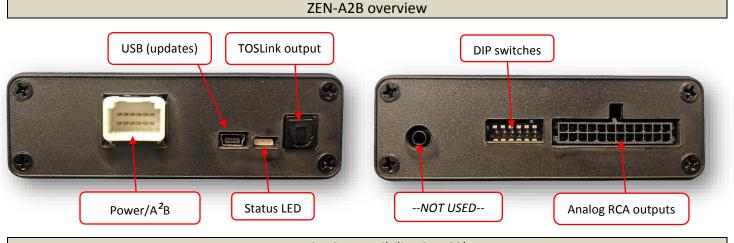

WARNING: Do not connect any RCA cables to the ZEN-A2B interface or additional processors prior to properly grounding aftermarket amplifier(s)!

Overview

The ZEN-A2B processor seamlessly converts 2018+ Ford factory A²B (Automotive Audio Bus) to 12-channel analog RCA and TOSLink output. Adding aftermarket amplifiers to the OE B&O or Revel amplified SYNC3 system has never been so simple and seamless. This kit integrates with the OEM A²B bus to retain volume control, full fade and balance (analog only), treble, mid-range, bass control & Bluetooth voice calls with no external speaker (true OEM integration). *NOTE: 2018 vehicles not equipped with a factory B&O or Revel amplified system are not equipped with A²B bus and do not require this interface.*

ZEN-A2B Compatibility SYNC3)

NOTE: All vehicles require SYNC3, this interface only applies to vehicles equipped with A²B (B&O or Revel Amplifiers)

| Year(s) | Make | Model | NOTE: | |
|---------|------|----------------------|----------|--|
| 2017+ | Ford | F150, Escape, Raptor | With B&O | |
| 2018+ | Ford | Expedition | With B&O | |

ZEN-A2B Installation

- 1. For ZEN A²B installations, the factory amplifier must be removed and the ZEN-A2B can be installed into its place. If this vehicle is not amplified from factory then this interface is not needed.
- 2. After locating the factory amplifier, disconnect it entirely as it will no longer be in use. Connect the following wires to the vehicle (wires can be found at the amplifier connectors):

| Pin # | Description | Color | Connect to | Amplifier PIN # | |
|-------|------------------------|--------------|------------------------|------------------|--|
| 4 | CAN LO | Violet | Amp (gray connector) | 11 (white/green) | |
| 5 | CAN HI | Violet/White | Amp (gray connector) | 1 (green/blue) | |
| 6 | Ground (-) | Black | Amp (black connector) | 1 (black/violet) | |
| 7 | A ² B (pos) | Green | From USB connector | N/A | |
| 8 | A ² B (neg) | White | From USB connector | N/A | |
| 11 | Remote Output | Blue | Aftermarket Amp remote | N/A | |
| 12 | Constant 12v (+) | Yellow | Amp (black connector) | 4 (brown/red) | |

(HAR318)

3. Connect the *blue* wire to the remote input on the amplifier*.

*Remote wire note: the ZEN-A2B (green LED) will turn on after the car is unlocked, but the blue remote wire will not output until the <u>key and radio</u> are ON.

4. Adjust dip-switch settings for the desired options:

| | Time Alignment | Attenuation | TOSLink DownMix* Loudness | | Vehicle Settings | | |
|------------------|------------------------------------|---------------|---------------------------|-----------------|------------------|-------|--|
| Position | DIP 1 | DIP 2 | DIP 3 | DIP 4* | DIP 5 | DIP 6 | |
| UP (off) | Front Row Full Scale output (0 dB) | | N/A | Loudness OFF | OFF | OFF | |
| DOWN (on) | Driver Focused | -12 dB output | N/A | Loudness ON | OFF | OFF | |

5. If using analog RCAs for signal to the amplifier, connect according to the reference chart below. WARNING: Do not connect RCA cables to this interface until all amplifiers/external processors are properly grounded. Failure to do this may cause damage to the interface and VOID the warranty!

| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 |
|-------|-------|-------|-------|-------|-------|-----------|------------|-----------|------------|--------|-----|
| Left | Right | Left | Right | Left | Right | Left Rear | Right Rear | Left Rear | Right Rear | Center | Sub |
| Front | Front | Front | Front | Front | Front | Door | Door | Center | Center | | |

6. If using TOSLink for signal to the amplifier, connect the cable to the TOSLink port shown on page 2. NOTE: both Analog and Digital output sound simultaneously, regardless of which type is used.

^{*}This remote wire <u>must</u> be used for aftermarket amplifier remote for proper functionality. **If installing more than one** amplifier/DSP, a relay must be used for reliable turn-on (500mA max).

ZEN-A2B General Installation Notes

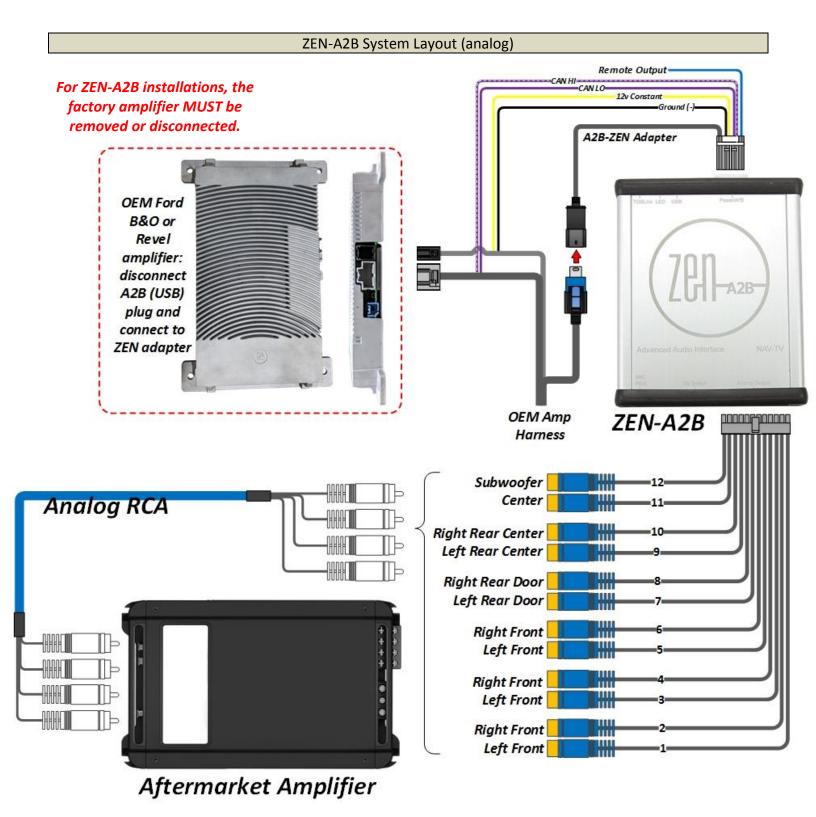

• Tuning tips:

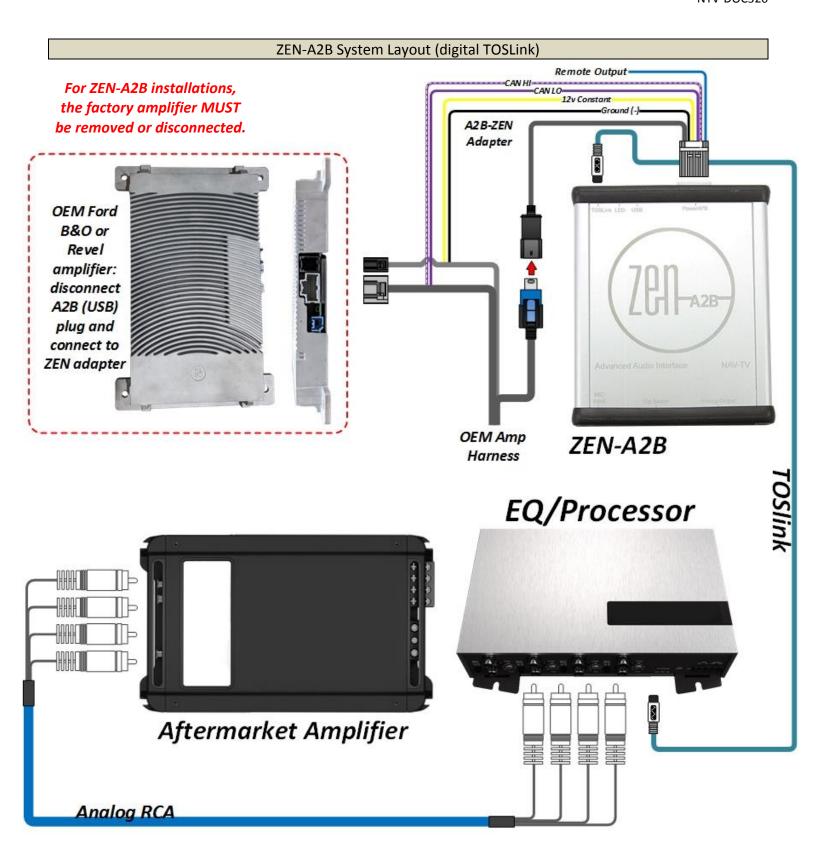

- 1. Before beginning tuning process (especially with external EQ/Processors), set Bass & Treble on the head unit <u>for each source</u> to flat (0).
- 2. Begin with amplifier/EQ gains all the way down.
- 3. With dynamic music playing, adjust the radio volume to <u>maximum</u>.
- 4. Adjust the amplifier/EQ gains to desired maximum level.

Multi-Color LED Status Indication

| LED Status | Indication |
|----------------------|---|
| Solid Red | A ² B Active |
| Solid Green | CAN Active |
| Green + Red (yellow) | A ² B + CAN Active |
| Blue/Violet/White | Amp command |
| Blinking Red | Clipping (beyond maximum digital signal level achieved) |
| Blinking Blue | PC Link with app (future use) |

ZEN-A2B Technical Specifications

| Hardware & Software | | | | | |
|---------------------------------|-------------------------------|--|--|--|--|
| Current HW version: | 1r0 | | | | |
| Current SW version: | ZEN-A2B-1.2.22-5-15-18.enc | | | | |
| Compatible SW (update) OS: | Windows 7 (64 bit), 8, 10 | | | | |
| | INPUT | | | | |
| Digital Input | A ² B Twisted Pair | | | | |
| | OUTPUT | | | | |
| Digital Outputs: | TOSLink | | | | |
| Digital Outputs supported: | 24bit/48kHz | | | | |
| Frequency Response (digital): | 18Hz – 24kHz | | | | |
| Analog Outputs: | 12 channels (RCA) | | | | |
| Output Voltage <i>Peak:</i> | 6v | | | | |
| Output Voltage RMS: | 2.1v | | | | |
| Analog Output Type: | Single-Ended | | | | |
| S/N Ratio (analog): | 114dB | | | | |
| Frequency Response (analog): | 18Hz – 24kHz | | | | |
| THD+N @ -1dBFS | -94dB | | | | |
| DAC | 48kHz 32bit | | | | |
| DSP | 128bit Floating Point | | | | |
| Delay (Time Alignment) | Selectable | | | | |
| | Power Supply | | | | |
| Current Consumption Stand-by | <1 mA | | | | |
| Current Consumption Operational | 350 mA MAX | | | | |
| Operational Voltage | 7V – 20V DC | | | | |
| Amp Turn-On Output | Automatic | | | | |
| Amp Turn-On Voltage | V-batt | | | | |
| Amp Turn-On Current Limitation | 500mA | | | | |
| Other | | | | | |
| Dimensions: | 4"x5"x1 3/8" | | | | |
| Weight: | 10 oz | | | | |
| Country of Origin: | USA | | | | |
