The BMW09 kit allows the user to add up to 3 video inputs and a backup camera input to the factory media screen in select '09-'13 BMWs. This fully plug and play kit installs behind the factory screen. The kit comes with an external toggle switch and if desired, forced rear camera action is an option.

Note: This module has parking lines that can be turned on or off at time of installation, but they do not move with the steering wheel.

Before ordering, be certain you qualified the vehicle correctly. See picture #2 for iDRIVE system compatibility.

Connection Type: OEM Video cable interception
