

V2P-II

Price: **\$135.00**

 manufacturer NAV-TV	 ID SKU NTV-KIT493	 weight 1.00 Lbs	 market USA, Rest of World, Europe	 UPC/EAN 00616909358564
---	---	--	---	---

The V2P-II is Nav-TV's Video to Power module. Whenever a video is present on either RCA, the Red trigger wire will output +12v.

This would be helpful in various situations:

- Powering on an aftermarket headrest/flip-down monitor when a video source is present.
- Activating the Nav-TV [AVSW](#) to automatically switch to the active video source in a multi-AV device setup.
- Automatically displaying a trailer camera instead of the factory rear cam, when a trailer is physically connected via the [VSW-R](#) with no external switches required.
