The NNG-Honda 8 kit interfaces the widely-used **Nav N GO**® powered navigation system into select Honda OEM media systems. Disassembly of the factory Honda LCD is required and it is recommended that only a professional attempts this install. Included with this kit is a touch-screen overlay (mounts over factory screen) and is used for the navigation control. Additionally, this interface allows for a backup camera to be added with no additional parts.

**Navigation add-on type:** OEM LCD modification (ribbon conversion)

T-Harness: audio/video interception

Touch screen: overlay provided

**Plug & Play:** No (must connect additional wires for OEM RVC & Lane-Departure Warning)

**Activation:** Provided push button switch

**Video Inputs:** 1 composite (rear cam): selectable ON/OEM
