The NNG-Honda 3 (Odyssey) kit interfaces **iGO** navigation system into select Honda OEM media systems. Included with this kit is a touch-screen overlay (mounts over factory screen) and is used for the navigation control.

Navigation add-on type: T-Harness: audio/video interception

Touch screen: overlay provided

Plug & Play: No (must connect additional wires for OEM RVC & Lane-Departure Warning)

Activation: touch screen any time or provided push button switch

Video Inputs: 1 composite (rear cam): selectable ON/OEM

NOTE: this system is not compatible in vehicles equipped with dual-OEM screens (where one is touch)

Car Radio Versions

NEW Odyssey
