The NNG-Honda C kit interfaces the widely-used **Nav N GO**® powered navigation system into select Honda OEM media systems. Disassembly of the factory Honda LCD is required and it is recommended that only a professional attempts this install. All factory Honda touch functions are used for the navigation control. Additionally, this interface allows for a backup camera to be added with no additional parts.

Note: Vehicle must have the 7" and not the 4" screen.

Navigation add-on type: OEM LCD modification (ribbon conversion)

Plug & Play: No (must connect additional wires for OEM RVC, Lane-Departure Warning, and premium audio)

Activation: Provided push button switch

Video Inputs: 1 composite (rear cam): selectable ON/OEM
