The NNG-Toyota 4s kit interfaces the widely-used **Nav N GO**® powered navigation system into select Toyota OEM media systems. Disassembly of the factory Toyota LCD is required and it is recommended that only a professional attempts this install. All factory Toyota touch functions are used for the navigation control. Additionally, this interface allows for a backup camera to be added with no additional parts.

Navigation add-on type: OEM LCD modification (ribbon conversion)

Plug & Play: No (must connect 1 wire if equipped with OEM RVC)

Activation: Provided push button switch

Video Inputs: 1 composite (rear cam): selectable ON/OEM
