Price: **\$599.00**

 manufacturer  
NAV-TV

 ID SKU NTV-KIT789

 weight  
2.00 Lbs

 market  
USA, Rest of  
World, Europe

 UPC/EAN  
00635510693482

The AUDI-VC Kit interfaces a backup camera input (with active parking lines), 1 additional composite video input and an HDMI source into the *Virtual Cockpit* cluster screen equipped in select 2017 Audi A4, Q7, TT or R8 vehicles. Installation is performed behind the radio (inside glove box).

**NOTE:** On the R8, this will **only** provide a single HDMI video input, and nothing else.

**NOTE:** For this and all other NAV-TV HDMI input kits, audio is provided from the HDMI source only (via female RCA). An additional adapter may be required to achieve AUX input to the OEM system.

### Car Radio Versions

AUDI Virtual Cockpit (Cluster LCD)
