Price: **\$750.00**

 manufacturer
NAV-TV

 ID SKU NTV-KIT789

 weight
2.00 Lbs

 market
USA, Rest of
World, Europe

 UPC/EAN
00635510693482

The AUDI-VC Kit interfaces a backup camera input (with active parking lines), 1 additional composite video input and an HDMI source into the *Virtual Cockpit* cluster screen equipped in select 2017 Audi A4, Q7, TT or R8 vehicles. Installation is performed behind the radio (inside glove box).

NOTE: On the R8, this will **only** provide a single HDMI video input, and nothing else.

NOTE: For this and all other NAV-TV HDMI input kits, audio is provided from the HDMI source only (via female RCA). An additional adapter may be required to achieve AUX input to the OEM system.

Car Radio Versions

AUDI Virtual Cockpit (Cluster LCD)

AUDI-VC Compatibility Chart

Model	Year Range	Version	Radio	Notes
