The MOST-HUR 31 (*Head Unit Replacement*) is a radio replacement interface for select Porsche vehicles equipped with an external M.O.S.T. fiber optic amplifier. The module allows the factory amplifier, speakers and sound quality to be retained when adding a modern aftermarket radio. Steering wheel controls are supported for Alpine, JVC, Kenwood, Pioneer and Sony aftermarket radios.

*NOTE: when adding this kit, you will lose OEM parking distance sensor visual (if equipped). Audible sensors sound will remain (separate dash speaker).*

### Car Radio Versions

PCM3.1

### MOST-H.U.R.31 Compatibility Chart
