ID SKU NTV-KIT980P

weight  
5.00 Lbs

market  
USA, Rest of World,  
Europe

Blackvue DR750X-2CH LTE Plus Built-in 4G LTE connectivity makes connecting to the Cloud hassle-free.

With Mobile Hotspot Function, use your BlackVue as a Wi-Fi router for up to five devices (phone, tablet, laptop, etc.).

Dual Full HD 1080p cameras (front 60 / rear 30 frames per second) provide fluid videos of the front and back of your car at a wide 139° view angle.

Sony STARVIS™ imaging sensors—a benchmark in video clarity under low light—equip both front and rear cameras, so whether you are driving or parked, crucial details are captured perfectly.

Speed: speed data will be overlaid in the video (can be turned off in the settings).  
You can set speed display in Kilometers per hour (Km/h) or Miles per hour (Mph).  
Location: visualize your vehicle's location in the BlackVue App or Viewer's Map.

**Connect to your dashcam over Wi-Fi or the Cloud**

Wi-Fi lets you connect to your BlackVue with a smartphone or tablet.  
LTE gives you access to your BlackVue over the Cloud from anywhere, anytime.

**Car Radio Versions**

Any
