Price: **\$599.99**

manufacturer  
NAV-TV

ID SKU NTV-MOD013

weight  
10.00 Lbs

market  
USA, Rest of  
World, Europe

UPC/EAN  
00635510693888

This modification is used for select radios that have no option of adding a video input (typically for reverse cam) with any available interface. **This modification will add 2 video inputs, selectable by either wire trigger or included toggle switch.**

After receiving the RMR# (Radio/MOD/Repair) and filling out the RMR form (below), the unit must be packaged thoroughly and sent to NAV-TV to be modified at the board level, tested and sent back with the proper components. There is a 3-DAY turn-around for this process.

**Note:**

Radio model must be 'REC' (bottom right corner), and not possess 3-pin port. If your REC radio possess the 3-pin port, you may use REC-AV XG (NTV-KIT276) instead of modifying.

NAV-TV will not take any responsibility for a radio that is shipped without adequate packing materials or insurance.

All CD's and DVD's must be removed from the radio before shipping to avoid damage to the radio. If the radio requires a navigation disc to operate, please include it in a separate padded envelope.

Contact NAV-TV with questions on this process or for compatibility at 561-955-9770.

### Car Radio Versions

REC
